Friday, March 9

- teachers and students: presentation of the work on Multiculturalism and Legends
- lunch at school
- garden on Wheels Parade
- plantation of trees
- students: painting of the Comenius Wall (stencils)

teachers: working in group on the various topics of the Comenius Project

1st topic:

Picture dictionary (moderation Belinda)

Three chapters are compulsory for all participants:

- useful plants
- climatic description
- regional plants

agreement: the results of the seven project partners will be brought to the meeting in France in seven copies each. Additionally, they will be provided in digital form.

The chapter "how to grow a plant" is optional.

2nd topic:

Preparations for the next meeting in France (moderation Karine)

The arrival is possible via different airports. The details about a possible joint bustransfer will be

coordinated after the meeting by email.

The names of the participants will be posted to the organizers until March 11.

The project partners will complete their respective parts of the final report and bring it to the meeting in France.

Regarding the homeworks see separate document.

3rd topic:

Questionnaire (Piia)

The questionnaires of all partners will be sent to Piia by Rosa from Portugal.

The results from Poland, Portugal, Spain will be sent to Piia directly by the respective authors.

The overall result of this subproject will be a general overview of the questionnaires of all countries as well as country specific results.

4th topic:

Feedback by the participants, some thoughts:

Leon: good experience

Rosa (E): the time was too short, several ideas could not be carried out.

Maija: positive experience for the students,

Rosa (P): the meeting was too short, the combination of two meetings therefore problematic

Stephane: "The rain in the students' faces changed to sunshine in the course of the days."

- Closing event of the meeting.
- Common dinner at school

Saturday 10th March

- Departure of the teams – bus travel to Lisbon
